

PROVIDING EVIDENCE**DECONSTRUCTED DBQ GRAPHIC ORGANIZER****OBJECTIVE:**

I can analyze primary source documents to provide evidence to use on the deconstructed document-based question (DBQ).

DIRECTIONS:

Read and analyze the primary source set. Then complete the graphic organizer as much as possible. Depending on the document, some portions may have less information.

BREAKDOWN:

When you provide evidence, think *"How would I use this document to support my thesis?"*

- Sort the documents into groups.
- Use examples from at least two different documents.
- Explain a piece of VIEW from each document used.
- You can use a piece of outside evidence for context and connection to the time period.
- CITE and EXPLAIN each example you use, really show you know what you are talking about, do not just mention it
- End with a connection directly to the thesis.

QUESTION:

Write the DBQ question as assigned.

THESIS:

Write a thesis sentence, answering the question with a clear claim and reasoning.

PROVIDING EVIDENCE

Use this organizer to create connections between the documents and your thesis using evidence from the sources.

Document 1 from Group 1 ● VIEW Sentence ● Quote or Summary from Source	Document 2 from Group 1 ● VIEW Sentence ● Quote or Summary from Source	Connection to Thesis ● Use key words from the DBQ question ● Show how the group proves your point	Context ● Explain how the group connects to the time period

Document 3 from Group 2 ● VIEW Sentence ● Quote or Summary from Source	Document 4 from Group 2 ● VIEW Sentence ● Quote or Summary from Source	Connection to Thesis ● Use key words from the DBQ question ● Show how the group proves your point	Context ● Explain how the group connects to the time period

NAME _____ DATE _____ CLASS _____

“VIEW”ING THE DOCUMENTS

Use the information you organized in the context box above to complete the E- Environment row. Then complete at least two more VIEW boxes for each of the documents you chose.
