# Washington's First Inaugural Address

## Guiding Question

- How did George Washington's leadership and decisions shape the early republic?

## Objectives

- ☐ I can read a primary source text with support and prompts.
- ☐ I can identify the virtues Washington discussed in his First Inaugural address.

## Background Information

George Washington was unanimously elected as the first president in 1788. Though the Constitution does not require it, he would establish an important precedent, or example, when he gave his inaugural address before the Senate and the House of Representatives before taking office in April 1789. In it, he laid out broad principles that he encouraged Congress and the American people to follow.

Fellow Citizens of the Senate and the House of Representatives.

**No event** could have filled me with greater anxieties than that of which the notification was transmitted by your order ...

**No event ...:** Washington here refers to his receiving notification of being elected.

The **preservation** of the sacred fire of liberty, and the destiny of the republican model of government, are justly considered as deeply, perhaps as finally, staked on the experiment **entrusted** to the hands of the American people....

**preservation:** maintenance, care, or keeping

**entrusted:** to put into someone's care
